

TSHELE HILLS OIL STORAGE DEVELOPMENT PROJECT

TENDER NUMBER: BOL/RFP/2023-24-10

REQUEST FOR PROPOSALS FOR DESIGN, FINANCING, CONSTRUCTION, OPERATION, MAINTENANCE AND TRANSFER OF THE TSHELE HILLS OIL STORAGE DEVELOPMENT PROJECT UNDER A PUBLIC-PRIVATE PARTNERSHIP

The Botswana Government through the Ministry of Minerals and Energy and Botswana Oil Limited, a state owned company, is seeking to procure an experienced and suitably qualified developer to design, build, finance, operate, maintain and transfer the Tshele Hills Strategic Oil Storage Depot near Rasesa village in Botswana.

The project entails design, construction and financing of the tank farm, gantries, and associated works as well as offices, staff housing including all electrical and mechanical works as well as financing the first fill, culminating in a fully functioning depot. Furthermore, the project entails operating and maintaining the depot for a specific period, and ultimately transferring it back to the Botswana Government at the end of the operation and maintenance period, which is envisaged to be a twenty (20) year period.

Procurement Method: Open International Bidding.

The procurement process will take place on a secure electronic procurement platform, which will require registration by Bidders.
